# Fire ravages Jewel

## A&P closes, town in a bind

**FIRE DESTROYS JEWEL FOODS**—Over 100 firemen from eight fire departments in northern Illinois and southern Wisconsin fought blaze early Sunday, March 28 which destroyed Jewel Food Store on Lake St., Antioch. Firemen

kept fire from spreading to neighboring State Bank of Antioch and Four Squires. Cause of fire is under investigation by Antioch Fire Dept., state fire marshal's office and Antioch Police.—Photos By Gloria Davis.

It took eight fire departments and more than 100 firemen to put out the fire that totally destroyed the Jewel Food Store, on Lake St. in Antioch early Sunday, March 28.

Reports have Jody Keulman, Trevor, as one of the first people who was cognizant of the fire as she drove by the supermarket after 1 a.m. on Sunday morning. Keulman said that the windows of the store blew out as she was passing, covering her car with glass.

She went to the Vault Restaurant and called the fire department. Keulman said that she felt that the dispatcher did not believe her.

According to James Quedenfeld, assistant fire chief, his department answered the fire call at 1:40 a.m. and at that time the flames were coming through the roof and there was a lot of smoke and flames coming from both the front and back of the store.

"We started to ladder the roof but decided it was too weak to hold the men," said Quedenfeld.

About an hour after the Antioch Fire Dept. arrived at the scene, the roof caved in and the interior of the store was completely flame engulfed. From then on the firemen concentrated on keeping the fire contained so it would not spread to the State Bank of Antioch, on one side of the building, and Jack's Four Squires, a clothing store on the other side.

Antioch Fireman Joe Huber reported that the fire was completely out by 6:30 a.m. and attention was then paid to the smoldering debris in the interior of the store. He added that a million gallons of water were pumped directly from the water tower.

Fox Lake, Zion, Newport, Lake Villa, Trevor, Gurnee and Grayslake aided Antioch in extinguishing the fire.

Quedenfeld said that, although the four walls were still standing as of press time, the west one, facing the State Bank and the front (Continued on Page 9)

# District 34 okays economy moves

With large state aid cuts apparently in the offing, the board of Antioch Community Consolidated District 34 is already involved in certain cutbacks as they are working on a proposed budget for the 1982-83 school year.

Still in the dark as to the exact monies they will have to work with next year, the board has decided that the school district will save approximately \$34,000 by operating their own special education programs instead of reeligating that job to SEDOL as in the past.

"We will get the same services by using our own personnel and dispensing with the cost of supervisory help from outside the district," said Dr. Donald Skidmore, superintendent of the grade school district.

"The only cost that will be incurred will be that of hiring, through SEDOL, a psychologist and a social worker, each for one day a week, to implement our own staff's operation," Skidmore added.

The self-operation of the learning disabilities program will include the release of two itinerant teachers, now filling in for

teachers on leave.

In another economy move, the school district has approved the release of four full-time teachers, including one with tenure.

At the board meeting held on March 23, the imminent retirement of two teachers that have been with the school district for many years was announced.

Second Grade Teacher Jean Soby, who has taught for 33 years, a successive 17 of those for District 34 and Science Teacher Mary Bruski, who has been teaching for 29 years in Antioch, will both retire at the end of the current school year.

The resignation of Doreen Herman, social sciences and math teacher was also announced.

Despite the expected lack of funding and the many planned cutbacks, Skidmore reported that the board had approved the maintenance of the textbook fees for the coming school year at the current level.

"We also expect to keep the cost of school lunches and milk the same," said Skidmore,

explaining that this was in light of the current economy.

"I wouldn't be comfortable with increases in this area although we need the money," said Skidmore, adding that everyone was in

a financial struggle and the school district would just have to "get along."

The board also approved the proposed schedule for kindergarten registration set to take place from 9 a.m. to 1 p.m., on April 28, 29 and 30 and from 6:30 to 8 p.m., on April 29.

Antioch High School will hold the annual board dinner for representatives of its feeder schools, at 6:30 p.m., on April 22, at the high school.

The board was also informed by the superintendent that the state board of education's evaluation of the school district was "extremely pleasing."

Skidmore cited the glowing report given on the district's emphasis on the development of reading and language skills as being a standout.

## Williams to retire from library post

by GLORIA DAVIS

The Antioch Township Library Board has announced a new slate of officers for its new fiscal year.

Melville Knirsch remains the board's president, Curt Denny is the vice-president,

Ruth Jedele, secretary, and Joseph Titus, treasurer.

Carl Scheske, Ann Kakacek and Geraldine Olson are the remaining members of the board.

The township library will soon be missing a most familiar face as Betty Lou Williams plans to retire from her long-time position as head librarian on May 1.

According to Williams any new library projects for the coming year are up to whoever takes over her post.

Williams said that the board, after considering different people for the job, is expected to name her replacement within the next couple of weeks.

The board has presented the library's proposed budget for the 1982-83 fiscal year of \$140,308 to the Antioch Township Board of Auditors for approval that is expected to come at the board of auditor's next meeting.

The levy approval asked by the library board is only \$114,452, since the library already has \$36,000 on hand.

### INSURE VEHICLES

The Antioch Village Board approved the purchase of collision insurance to cover all village vehicles at an annual premium cost of \$2,602.

## Both sides to attend landfill forum

Waste Management, Inc. has accepted the invitation issued by Chairman Al Little, representing the committee studying the proposed expansion of the HOD landfill site, "to present their side of the story," at an open forum, at 7:30 p.m., on Tuesday, March 30.

The open meeting will be held at the Antioch Village Hall. Little said that he is in hopes that the pros and cons of the proposed landfill expansion will be discussed from all angles, especially the possible uses for the site after the landfill has reached capacity in approximately nine to 11 years.

It is expected that questions and answers will be flying fast and furiously, not only from the representatives of the disposal company but from members of the Coalition of Concerned Citizens and interested residents attending the meeting.

## Pavarotti story spellbinds women

The members of the Antioch Women's Club had a most delightful afternoon on March 15 in the Community Room of the State Bank of Antioch. Mrs. Arthur Sterrett presented a book review on the autobiography of Luciano Pavarotti.

Her presentation of the book kept the women spellbound. It is a book well worth reading.

The club welcomed two new members, Mary Cane

and Susan Allen. The hostesses for the day were Edna Barr, Pat Lorenz, Rene Clevon, Lee Marie Walsh, Patricia Fitzsimmons, Ila Lasco, Mary Polley, Thelma Anderson and Ruth Duha.

The annual card party will be held in the community room of the State Bank of Antioch on March 24 at 12:30 p.m.

The public is welcome. The next meeting will be a tour on April 7.

## Knights to fete 100th anniversary

Everyone is invited to help the Knights of Columbus celebrate their 100th anniversary with a dinner-dance at the Antioch VFW Hall on Saturday, May 8.

The festivities will begin with cocktails at 6:30 p.m. and dinner following at 7 p.m.

Chairman Joe Veith promises a delicious meal consisting of standing round of beef, ham and much more. Following dinner, music will be provided by "The New Peptones". Door prizes will also be included in the price of admission.

The Antioch-Lake Villa Council 3800 Knights of Columbus have been doing their good works in the community for many years.

One of their notable projects is the annual Tootsie Roll candy drive which has raised thousands of dollars for the mentally retarded in the Lake County area.

Tickets, which are \$10 per person, can be purchased at the State Bank of Antioch.

## Keeping in touch

### Donna flings into spring

by DONNA DEFOSSÉ

I thought that with spring finally arriving we could take a break from the normal news and spend a little time talking about the end to this year's cabin fever.

So what can we do for a good excuse to go outside and enjoy the warm sunshine? Well, I called on a few of the many experts in town, Antioch's True Value, Floral Acres, Heirlooms and Blooms, etc., and here are a few helpful tips they passed on.

Forget to cut back the rosebushes last fall? There is still time, but do it before the green shoots appear.

Oh, don't forget to take off the covers on the bushes or the heat may hurt. This is

also a good time to prune any fruit trees.

Yes, you can fertilize your lawn now. Be sure it's a nice dry day.

For those of you who are thinking of painting outside, a note of caution, be sure it is at least 55 degrees outside, otherwise the paint will peel later.

Whoops! Almost forgot the garden. Many have already started their seeds indoors, but for those of us who have not, there is still time and our many florists and hardware stores have everything one needs to get a good healthy garden well on its way before transplanting later this spring.

(Something to think about while the kids are home this week, Mom). For those with less than a bulging pocket book styrofoam cups are still the best bet budget wise for starter pots.

So far there is no set date for spring clean up days. The village hall has assured me it will be soon.

One tip no one could give me is how to keep the children dressed properly. It always seems that they and husbands never listen to mom, but guess who has to take care of them when they get sick?

If after all of this, you have lots of energy left, let us recommend an enjoyable night with the residents of Oakwood Knolls Subdivision. They are planning a great night of cocktails, dinner and dancing at the Antioch Auc-

tion Center. Hope to see you there!

For information contact Arlene Anderson (312)395-5966, Rosanne Mazzio (312)395-7323 or Claudette Skvarce (312) 395-6744.

Due to the many requests, the Parks and Recreation office asked me to pass the complete lists of events on to my readers.

Aerobic dance classes are being held on: Mondays from 5:30 to 6:30 p.m.; Tuesdays from 10 to 11 a.m., 5:30 to 6:30 p.m. and 7 to 8 p.m. Wednesdays from 5:30 to 6:30 p.m.; Thursdays from 10 to 11 a.m., 5:30 to 6:30 p.m. and 7 to 8 p.m.; Saturdays, from 10 to 11 a.m. at the Old Fire Station.

The cost is \$25 for eight weeks or \$2.50 a class.

Ballet classes are being held on Tuesdays and Thursdays from 3:30 to 4:30 p.m. at the Old Fire Station for children from five to 14 years of age.

The cost is \$40 for eight weeks.

Martial arts classes are being held on Mondays from 10 to noon, 7 to 9 p.m.; on Tuesdays from 5 to 7 p.m.; Wednesdays from 10 to noon, 7 to 9 p.m.; Fridays from 5 to 7 p.m. and on Saturdays from 1 to 3 p.m.

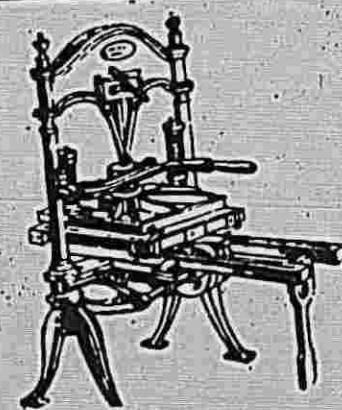

The cost for a six month contract is \$240.

Baton classes are being held for ages five years and up. The cost is \$16 for six weeks. They are being held on Thursdays at 6 p.m. at the Old Fire Station.

## The Time Machine

### FIFTY YEARS AGO: March 31, 1932

Fifty young and old Antioch residents took part in the minstrel show sponsored by the Ladies Guild of St. Ignatius Church.

Antioch Sales and Service had the first local public showing of the new Ford V-8, capable of top speeds of 75 miles per hour.

The Antioch News ran an ad for the Public Service Co. of Northern Illinois for a new wringer-washing machine, guaranteed to give 1932 housewives a tubful of spotlessly clean clothes in five short minutes for the price of \$69.95.

Nothing is new under the sun or in government. There was a taxpayers' mass meeting at the Waukegan High School gym to protest this year's outrageous taxes.

### THIRTY YEARS AGO: March 27, 1952

The Antioch High School Sophomore Sock Hop was called the Shoeless Shamrock Shuffle.

Contrary to 1982's small car glorification, Antioch Garage, Inc. ran an ad heralding the 1952 Ford, "Built Big."

Real Estate prices were really getting out of hand when a two bedroom house near the lake was advertised for \$7,500.

Over 200 people attended the athletic banquet held at Antioch Township High School sponsored by the Lions Club with William E. Brook as toastmaster.

The Cancer Fund goal for Antioch was set at \$600.

### TEN YEARS AGO: March 29, 1972

The dinner-theater at the Antioch Country Club featured the "Four Poster," with a dinner-show ticket price of \$6.15 per person.

A sample ballot for the Lake County Board election, published in the News, contained some names that are still seen in Lake County Political circles and some of those who have passed on: Harry G. Robin, Lloyd Murrie, Ron Coles, Norman Geary and George Bell.

This was the Easter issue of the newspaper as the holiday fell on April 2 that year.

Betty Wurster, auditor of the State Bank of Antioch, was a featured panelist at the spring conference of the National Association of Bank Women.

## Along the way with ANNIE MAE

All those who have not already purchased tickets for the Emmons Fashion Show on April 17, at the Antioch VFW Hall, on North Ave., had better hurry.

The cut-off date for ticket sales is April 14 and no tickets will be sold at the door.

Shelley Robbert tells me that there will be an added attraction during that unique evening of entertainment, a short auction of about five interesting items will take place.

One of those is an antique Italian wrought-iron table and chairs.

And don't forget the Jaycees' Blood Drive, to be held from 9 a.m. to 4 p.m., at the Evangelical Free Church on April 3.

Also on April 3, the Antioch Easter Parade will start at 10 a.m.. The parade, led by the Easter Bunny will end-up with an egg hunt in Williams Park.

This Easter fun for the kids will be sponsored by the Antioch VFW, Antioch Jaycees and Antioch Parks and Recreation.

Old Annie Mae will see you there kids, bet I beat you to most of the eggs!

Another big night's coming up on Friday, April 9, when the Antioch Chamber of Commerce and Industry will bring the famed Harlem Globe Trotters to Antioch High School.

Antioch High School (ACHS) art students, Jeannie Crane, Al Zegler, Larry Verkeyn, Lynn Held and Sarah Redd had some of their art work on display at the exhibit, "High School Art From Both Sides of the Desk," in the Center for Visual Arts Gallery at Illinois State University.

ACHS' Art Instructor Jane Craner had some of her work on exhibit also.

Congrats to Thomas Stroschein, who has been named to the dean's list for the fall semester at Marquette University.

I was so sad to hear that three gals who have been extremely active in our community for many years will be retiring soon.

We will sorely miss the pleasant face of Betty Lou Williams at the Antioch Township Library after she retires on May 1.

The students who will attend the Antioch Grade School after this semester will not be lucky enough to get either Jean Soby or Mary Bruski for a teacher.

Jean has spent 17 of her 33 teaching years in Antioch and Mary has been instructing local little ones for 29 years.

"The lives they have affected are myriad and so are the thanks due them."

I hated to see the devastation caused by the Jewel Food Store's fire last Saturday. With only one grocery store left in Antioch, looks like old Annie Mae will be heading north, on Hwy. 83 to Drakes Super Valu in Paddock Lake and I'll save money to boot because our neighboring state has no tax on food.

## Life saving badges available

The Antioch Rescue Squad announces that a certain emblem that saves lives, in an emergency your life could be saved by a Medic Alert Emblem, designed to alert rescuers to the wearer's special medical problem which may range from diabetes, heart condition, hypertension to epilepsy.

For example: the member's special medical condition is engraved on the emblem, along with an identification number plus a

collect 24 hour a day phone number to Medic Alert's emergency medical information center.

The center provides detailed life-saving information within seconds from data stored in the member's file.

Currently, some 1.2 million Americans belong to Medic Alert, which has been operating for the past 26 years.

## So they tell me

# Carole's dying to talk about dieting etc.

by CAROLE RISK

It looks like there is something to all the fuss about proper diet after all. During the past few years more emphasis has been placed on good nutrition and the role it plays in the prevention of heart attacks and strokes.

Studies have shown that the amount of saturated fats that the average American consumes contributes to the nation's high rate of heart attacks and strokes, and large amounts of fat block the ability of the body to handle cholesterol buildup.

The good news for us is that a change in life style and moderate changes in diet can be the most im-

portant factor in correcting abnormal levels of glucose (sugar) triglycerides (fat) and cholesterol (animal fat) if caught early enough.

For example the American Medical Assn. credited a 25 percent decline in heart-related deaths among Americans to a decrease in the use of fats in daily diet along with regular exercise and blood pressure control.

While there is no hard proof that only a change in eating habits has caused the improved death rates, there are several factors to suggest a connection: per capita consumption of milk and butter dropped 22 percent; the use of eggs dropped 14 percent; and the use of

animal fats and oils was down 47 percent.

However many people get into a poor diet trap, for example while sugar in small amounts is not harmful, it has no nutritional value and rapidly absorbed by the body, leaves you hungry soon after digesting it.

Most of us eat way too much fat, which occurs in foods such as dairy products, red meat, nuts, chocolate, fried foods, pastries, gravies and salad dressings (all the good stuff), which can set us up for strokes and heart disease.

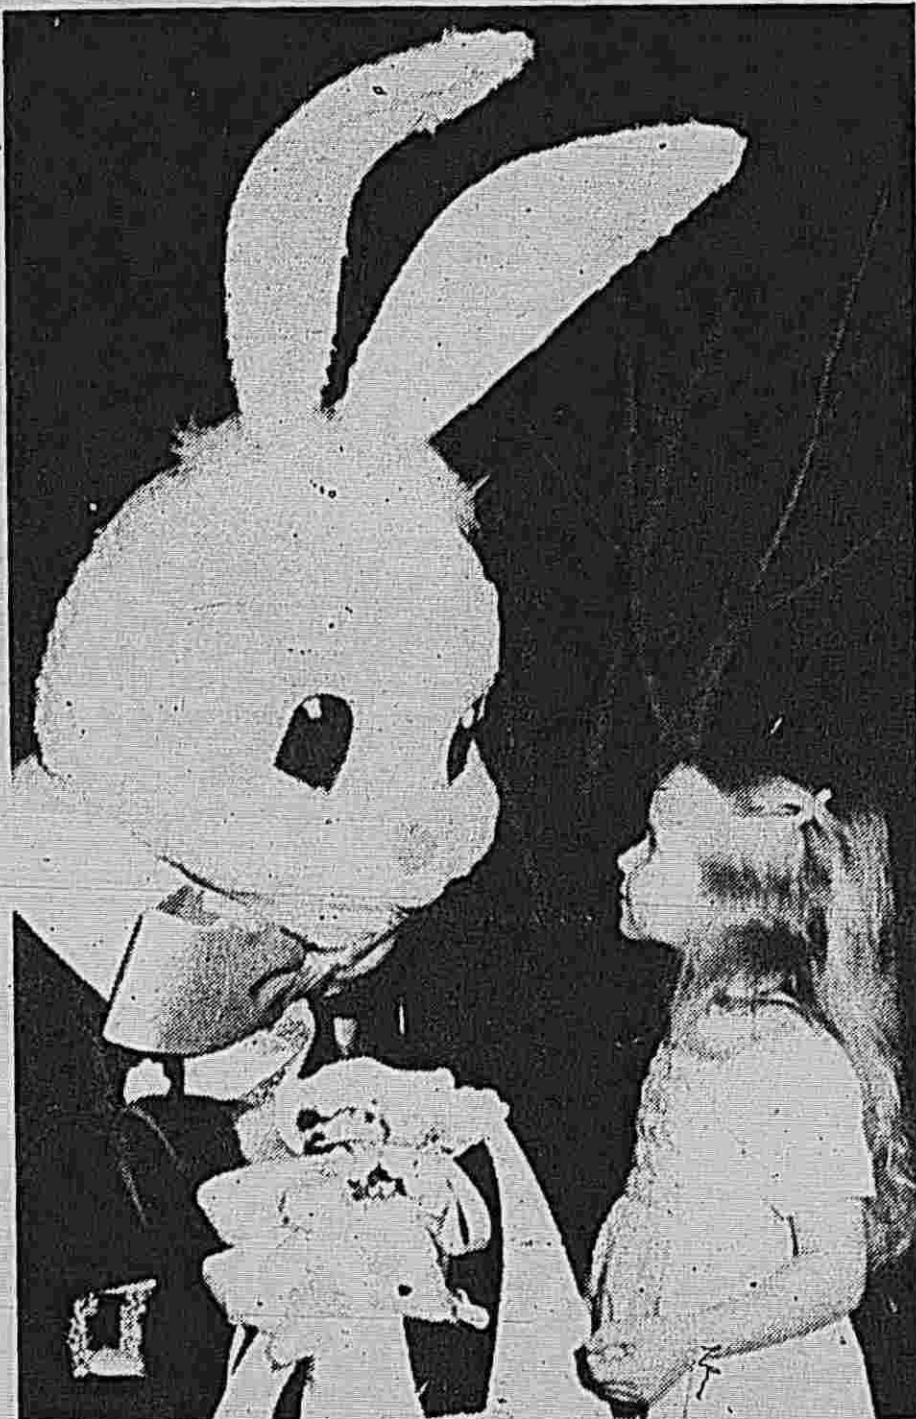

In addition, high fat diets may increase the risks of

colon and breast cancer. On the other hand there are alternatives, such as more fish and chicken instead of red meat and pork, low fat milk in place of whole milk, yogurt instead of sour cream.

The use of the new lite cheeses, increased consumption of fruit, vegetables

and high fiber foods, especially are useful because they fill you up, all do not add weight because they are not absorbed by the body.

While changing lifestyle does sound hard to do, wouldn't it be worth it so you can enjoy a long and healthy life in the future.

**EASTER BUNNY HIPPIY HOPS** — Hop, skip or jump over to meet Hawthorn Center's loveable big Easter Bunny, when he arrives in the mall Friday, April 2, through Saturday, April 10, with free treats for all his little friends. Priscilla Barth, Vernon Hills, is shown here enjoying her visit with Mr. Bunny. Look for him in Sears Court, lower level, or on occasional strolls throughout the mall from 11 a.m. to 4 p.m., Monday through Saturday, and from noon to 4 p.m. on Sunday. Hawthorn Center is located at Town Line Rd. and Milwaukee Ave. in Vernon Hills.

## Easter Bunny hops to Hawthorn Center

A super-duper double Easter treat has been planned for kids on Saturday, April 3, at Hawthorn Center. At 10:30 a.m. there's Snoopy and the Charlie Brown gang in a free showing of the movie, "Bon Voyage, Charlie Brown," at the Hawthorn Plitt Theatre (seating is limited). Then a short hippity hop over to get a treat from Hawthorn Center's loveable big Easter Bunny.

Mr. Bunny will be waiting to greet all of his friends in Sears Court on the lower level, Friday, April 2, through Saturday, April 10, from 11 a.m. to 4 p.m. daily and Saturday, and from noon to 4 p.m. on Sunday. He'll stroll through the mall from time to time throughout the day, too.

## McBride to direct News classifieds

Lakeland Newspapers has announced the promotion of Mary McBride to the position of classified advertising manager with responsibility for the classified advertising department.

McBride brings to the 15-paper newspaper group a lifetime of experience in the newspaper business and recently returned to Lakeland Newspapers as assistant advertising sales manager after retiring for several years.

She started in the newspaper business selling classified advertising for the Glendale News Press, Glendale, Calif., while she was in high school and a college student at the University of Southern California.

Later she sold display advertising for the Independent Record, Helena, Mont., until she got married and retired to raise a family. Upon returning to the working world she sold real estate for seven years before returning "to my first love, the newspaper business," as

classified manager at Press Publications in Elmhurst.

McBride was with the Elmhurst publishing company for seven years before her husband's association built a savings and loan in Lake Zurich and they moved to Lake County. She worked at Lakeland Newspapers as director of classified advertising until she and her husband retired to Table Rock Lake, Mo. where they owned a resort.

"Now Howard (her husband) is back and so am I," she said enthusiastically.

"I've been in the business in good times and in bad and I believe in the old philosophy that service is the main thing that we can provide for our customers," she said. "We are here to help the people achieve what they want in marketing their products or whatever they have to sell."

"I've been all over the country and learned something from every place that I have lived. I've never stopped trying to learn the business," she added.

## Letter To Editor

GOOD PLOWING  
EDITOR:

I would like to take this opportunity to congratulate our good superintendent David Heath and his excellent crew.

For many years I formerly resided in a good section of Chicago — and never once were our side streets cleared of snow like the streets and roads of our Antioch Township.

When we have a snow fall

during the night, you can be certain that the roads will be plowed either before you arise or slightly thereafter.

One Thursday morning, Heath himself was manning the plow which cleared our roads.

Heath is doing a fine job following the pattern and traditions of his capable predecessor Blaine Ring. Keep up the good work.

### INSIGHT INTO EYESIGHT

Dr. R. A. Sona,

OPTOMETRIST

### CATARACT SYMPTOMS

Trouble with lights is one of the symptoms of cataract. So are spots or ghost images. Or you may notice a milky spot in the pupil of your eye, which is normally black.

A cataract is a clouding of the lens of the eye that interferes with the passage of light. This causes blurred vision. A cataract can come on so slowly that you're not aware of it for a long time.

It is most common in your older years. It will gradually get worse and so will your vision. Surgery will then be necessary to remove the clouded lens. This is usually a simple procedure. Most patients have only a short

stay in the hospital.

The missing lens has to be replaced for you to be able to see again. Fortunately that is not a problem. Your optometrist will prescribe cataract eyeglasses or cataract lenses. Then you can see as good as new again.

If you're having trouble with lights or notice any other symptoms that suggest you may have a cataract, you should have an eye examination.

# Sequoit diamondmen seek right combination

If the talent of the juniors on Antioch High School's (ACHS) varsity baseball team meshes well with that of the seniors, this year's baseball team could better last year's 14-14 overall record.

Baseball Coach Tom Baba said, "We have three senior pitchers, one whose arm we're not certain about and three junior pitchers who we are going to have to work in slowly."

The senior pitcher whose arm is causing Baba concern is Mike Schueneman, who injured his elbow and after surgery saw limited action last year. His performance this year is still in question.

The Sequoits have four other lettermen coming back to provide a nucleus for this year's team.

Carl Amundsen is back at thirdbase, John Haling at shortstop, Chuck Payne in the outfield, Dan Ropa in the outfield and Steve Sheedlo behind the plate at catcher.

Amundsen and Haling also pitched last spring for Baba.

Juniors on the squad who have looked good include John Silianoff at secondbase, Brad Herbst at shortstop, Tom Adams at pitcher along with Vince Gawerecki and Lester Zitkus, and Zitkus in the outfield.

Haling and Amundsen are expected to lead the Sequoit hurlers with support from the junior throwers.

"Our hitting has got to come around," Baba said. "Hitting, you can never tell about."

"I hope our pitching will be our strong suit," he added.

"It's hard to get everybody to believe when there's still snow on the ground," he said of the mental aspect of the game. "The kids have got to believe right from the beginning."

"They need to believe in themselves and the success they could have," he said.

"How much our juniors are going to come around, that's the question," he said.

"This is my seventh year, and ever since my first year when we won the conference, it seems we're always in the middle of the pack," he ex-

plained. "It's a matter of breaking out early."

Antioch finished last spring 14-14 overall and 7-7 in the conference.

The season opener for the Sequoits is scheduled for March 31 at Rockford Harlem, which will begin six non-conference games for Antioch before the league opener April 12.

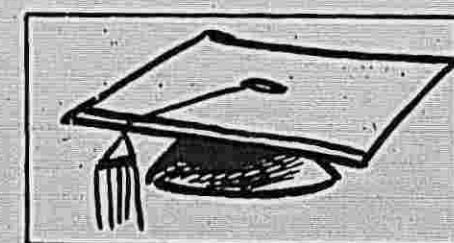

## Deploy Webb to NY

Pfc. Timothy A. Webb, son of Glenwood and Elaine Webb of 24075 W. Grass Lake Rd., Antioch, is one of approximately 2,800 soldiers from the First Cavalry Division, Fort Hood, Texas, who deployed to Fort Drum, NY, for operation Blue Northern.

The 30-day operation is designed to evaluate the deployment capabilities of the division and provide soldiers with the opportunity to train under cold weather conditions.

Training at Ft. Drum will focus on combined arms training, live fire exercises and Army readiness test and evaluation training in field conditions for combat support and combat service support elements.

Webb, a military police specialist, is a 1980 graduate of Antioch Community High School.

The University of Pennsylvania established the nation's first business school — the Wharton School of Finance and Commerce — in 1881.

In the league, Maple says he would give the nod to Grant. "I'm not quite sure though. The rest are about even."

### CORRECTION

Joseph C. Parfitt, right worshipful grand lecturer of ancient Free and Accepted Masons of the state of Illinois, was honored by the Sequoit Masonic Lodge 827 at the Moose Hall in Antioch. The article in the March 22 issue of the Antioch News was headlined 50 years in Moose and the outline of the companion picture incorrectly said Moose award.

Parfitt was honored solely by the Masonic Lodge of Antioch.

ANTIOCH'S BIG FIVE — Lettermen coming back from last spring's 14-14 overall Antioch baseball team are, front, Chuck Payne, left, and Dan Ropa. Back, from left, Steve Sheedlo, John Haling and Mike Schueneman.

## Your Guide to Fine Dining and Excellent Entertainment

# THE Entertainer

'BOYFRIEND' TO OPEN — Wilmot High School's production of "The Boyfriend" playing April 1, 3, will have Kelly Breiting playing up to Dan Lynam.

## PM&L's 'Doctor' based on tales by Chekov

Neil Simon's delightful comedy, "The Good Doctor," will open Saturday night, April 10, at the PM&L Theater, 877 Main St. in Antioch.

Subsequent evening performances are set for Friday and Saturday nights, April 16, 17, 23, and 24. In addition, a matinee will take place Sunday afternoon, April 18.

Curtain time is 8:30 p.m. for the evening shows and 2:30 p.m. for the Sunday matinee.

Lyn Kessie of Richmond directs "The Good Doctor." The often uproarious comedy is, basically, a group of sketches and vignettes of everyday Russian life, many of them based on delightful stories by Anton Chekov.

The PM&L cast features three newcomers to the Antioch stage, Don Crop of Mundelein, and Michael Stanton and Marty Witt, both from Antioch.

Although "The Good Doctor" is Don Crop's first appearance with PM&L, he has been active in theater for seventeen years. Most recently he has been involved in area dinner theater. Many playgoers have enjoyed his work in the shows at Andre's, Cabriolet, and the McHenry Country Club.

Michael Stanton has done some previous acting, but much of his recent public exposure has not been on the theater stage. He has played some "extra" roles in Chicago-based commercial films, has been a model, and has done some night-club singing.

The PM&L cast also contains a number of veterans of the Antioch stage. These include Lillian Allen of Trevor; Ann Marie Cina, McHenry; Dawn Ferry, Gurnee; and George Blanksten and Bruce Stamm of Antioch.

A truly side-splitting comedy, "The Good Doctor" will, no doubt, play to large houses, therefore reservations should be made now to see this uproarious show.

Call (312) 395-3055 to do so. Also, check in at the PM&L box office by 8:15 p.m. on the night, or 2:15 p.m. on the afternoon, you plan to attend the play.

## Blood drive scheduled for April 3

The Antioch Community Blood Draw in memory of Dr. John J. Lorang has been scheduled from 9 a.m. to 1 p.m. Saturday, April 3, at the Antioch Evangelical Free Church, located at Tiffany Rd. and Highview Ave. one-half mile north of the Antioch Bowl.

The medical staff will be provided by the Jacob Blumberg Memorial Blood Bank of the Lake County Medical Society.

The theme of this year's drive is Giving Blood is Giving Life—it's time to give.

Blood donors must be at least 17 years old, under 66 years old. Donors may be older with a doctor's written permission slip dated within two weeks prior to giving blood. Donors must weigh at least 110 pounds.

To schedule an appointment or for further information, call Phil Schaub at (312) 395-8796 or Art Brey at (312) 395-8495.

'GOOD DOCTOR' COMING TO PM&L — Left, Michael Stanton and George Blanksten, both of Antioch, shown in rehearsal scene of "The Good Doctor," coming to PM&L Theater, on Main St., Antioch.

## 'Boyfriend' opens April 1

When you mention the "Roaring Twenties", almost everyone pictures a wild and crazy time of flapper dresses and the Charleston.

If this is what you picture, then this is what you'll see and hear on the Wilmot High stage this weekend as the students there bring you Sandy Wilson's "The Boy Friend."

The play enjoyed a huge success in London and then success on Broadway. It has been a favorite of high school, college, and community theatre groups because of its young characters and spirited, happy song and dance numbers.

The play was the one that brought Julie Andrews her first success. "The Boy Friend" is basically a story of love.

There are more love stories going on in this show than can be remembered.

The show pokes good natured fun at the past; it only asks to laugh and tap your toes,

not to think. If anyone who is looking for an evening of pure fun, is invited by the cast and crew of "The Boy Friend" to see the musical at 8 p.m. Thursday through Saturday, April 1 through 3, at the Wilmot High School auditorium.

Tickets are only \$2.50 for adults and \$1.50 for students and children. Tickets are sold only at the door.

The show is being directed by Tom Hausman, an Antioch resident and the president of the PM&L Theatre.

Peter Thelen of Spring Grove is the piano accompanist.

### TAX REPORT

Anyone who is ready to complete your 1981 income tax returns, the Illinois Dept. of Revenue has a reminder to make sure on the state tax form that they correctly report any interest/dividend exclusions and interest from All-Savers Certificates.

## Encourage bike licensing

The Lake County Safety Commission is spearheading a drive for the licensing and registration for bicycles in the unincorporated areas in Lake County.

Cooperating in this drive is Donna Litwiler, a county board member of District 4 and Gail DuFrane, chairman of the Lake County Community Safety Committee.

The five objectives will be following the guidelines established by Jim Edgar, secretary of state, for a licensing program.

The first objective: To provide police and safety personnel with an accurate up-to-date bicycle registration file for easy identification, should a bicycle rider have an accident or injury. This will also provide the County with information on who the bicycle riders are within the unincorporated areas of the County.

The second objective: This registration program is a deterrent of theft. Bicycle information such as; make, model, frame, serial number and coloring characteristics are kept on file.

The third objective: When a bicycle is found by the sheriff's department, the system will help in identifying the person who owns the bike.

The fourth objective: The program will help in identifying the bicycle rider as an essential part of our highway system and will lead to better recognition and enforcement of bicycle regulations.

The fifth objective: Is the inspection of the bicycle itself. To insure that bicycles have safe brakes, proper lighting, reflectors and appropriate sounding devices.

While these are the objectives of the program, a copy of the Guidelines For Licensing and Registration Of Bicycles by Jim Edgar, secretary of state, can be obtained by calling the Lake County Safety Commission at (312) 689-6641.

# Fire ravages Jewel

(Continued from Page 1)

fascade would probably be taken down as a safety measure as soon as the store's safe was removed from the rubble on Monday, March 29.

According to the assistant fire chief, his department and the Illinois Fire Marshal's Office were investigating the cause of the fire.

Antioch Police Chief Chuck Miller said that his men were first on the scene and were involved for many hours directing traffic and later watching over the debris, especially until the safe was taken from the premises.

William Newly, vice-president in charge of public relations for Jewel, said that he was unable to give a figure amount to the loss since Jewel was leasing the building and it would take awhile to complete the inventory.

This leaves Antioch with one grocery store since the A&P closed on Saturday, March 27.

The closest food shopping for Antioch residents, besides the village's one remaining store, lies to the north, Drake's Super Valu, in Paddock Lake and to the south, the Eagle Store in Lindenhurst.

## Transfer Gannon sex trial

The case against an Antioch Township man charged with sexually assaulting seven girls between the ages of eight and 10 has been transferred to the court of Chief Circuit Judge Robert McQueen. No trial date has been set.

Patrick Gannon, 39, of 26661 Michigan Blvd., has been charged with aggravated incest, taking indecent liberties with a minor and multiple counts of deviate sexual assault, according to Lake County Sheriff's

Dept. sources.

Gannon was arrested at his home in the Grass Lake area March 1 by Lake County deputies after a week of interviews with victims and their families. He submitted to the arrest voluntarily.

Sheriff's department sources said according to the victims' testimonies, the seven girls involved were friends of Gannon's daughter and would spend the night at the Gannon home on occasion.

## On Cue to stage play 'Chapter Two'

Neil Simon's new comedy play "Chapter Two" is making its debut to the North Lake County area in the form of dinner theater at the Country House, Rte. 173, in Antioch.

On Cue Productions is presenting its premier performance on Friday, April 2, followed by Saturday night and Sunday matinee performances. This new entertainment will run for a total of three consecutive weekends, ending Sunday, April 18.

Dinner begins at 6 p.m. on Fridays and Saturdays, with showtime beginning at 7:45

p.m. Sunday matinees start with dinner at 1 p.m. and showtime at 2:45 p.m.

The play is being directed by Lou Jones of Round Lake. His cast consists of Frank DiMarco of Zion, Priscilla Gwin Stollenwerk of Waukegan, Larry Bersie of Antioch, and Ginny Schaufel of Paddock Lake.

The plot of the play is lively, entertaining, and Neil Simon at his best. Audiences are sure to enjoy it. For advance reservations and additional information, call (312) 395-4211.

## Set Marotta, Kennedy Arraignments for April 12

According to a representative of the Lee County, Fla., Circuit Court, Frank Marotta, 35, Lindenhurst, and Allan D. Kennedy, 47, Antioch, will both be arraigned on gun possession charges, a violation of the Florida state statutes, in front of Judge Thomas Reese, on Monday, April 12.

Marotta and Kennedy have both been out on bond since their arrest on Jan. 31 in connection with the impounding of a twin-engine Cessna airplane belonging to William Zeigler, Round Lake at an airport in Lee County.

Drug enforcement authorities confiscated the Zeigler plane when traces of marijuana were found on board along with the guns.

Zeigler, whose plane had also been impounded when drug investigators found \$476,600 worth of marijuana on board in

April, 1981, when it landed in a West Palm Beach airport, claimed that the marijuana found in Januray was left from last spring's cargo.

At that time Zeigler plead ignorance of that cargo, saying he had just loaned his plane out.

Robert Hoffman, 33, Lake Villa and Woodrow Wilson, 28, Colorado, pilots of that plane, were both convicted of drug trafficking and released on probation, after implicating William Haley, 41, Antioch, as the person who hired them to fly the drugs in from Columbia, S.A..

Haley is set to face trial, along with James Amoroso, Mc Henry, on drug trafficking charges on June 4 and 7, in front of West Palm Beach Circuit Court Judge Rogers.

## Lions Club to hold awards night April 12

The Lions Club of Antioch will have its Awards Night on Monday, April 12, at the LaSalette Fathers in Twin Lakes. Entertainment for the evening will be provided by Colonel Bob Pedersen of Antioch who will show a film and speak on the Confederate Air Force.

Lion President Jay Dziki has sparked the meetings with a series of interesting programs. A film on aerobatics presented by Ben Owen, a New Zealander and an officer of the Experimental Aviation Assn., operators of the Oshkosh Air Show, was the featured entertainment at the Country House on March 8.

Commercial Services offered by the U.S. Post Office Dept. was the theme of the

talk given by Dan Willert at the March 22 meeting at Joe & Helen's Little Acres. Mary Ann De Remer, who was sworn in as Antioch's new postmaster on March 5, also addressed the Lions and shed some light on postal programs such as pre-sort,

zip plus four and E-Com Service.

The Antioch Lions Club has several committees working on feasibility studies for possible community projects as well as its on-going services to the blind.

## Antioch Cancer Society campaign to kick off

The Lake County Unit of the American Cancer Society will conduct its 1982 educational and fund raising crusade during April and has designated the last weekend of March as a time of prayer in area synagogues and churches for the conquest of cancer.

To prepare for the April event, the leadership of the residential crusade in Antioch, was called to a training meeting at the home of the community chairman, Janet Brook. Announcing a \$7,000,000 crusade goal for the 1982 Crusade in Illinois, Brook stated that \$16,500 represented Antioch's portion of the Lake County Unit Crusade Goal of \$353,000.00.

Just as important as our

financial goal is the 1982 Crusade leaflet for Illinois entitled Eleven Things That Don't Cause Cancer. The first of its kind, the leaflet reflects a major shift in the society's communications to the public as it is based on an emerging emphasis on cancer prevention, she stated.

There are lots of things that not only don't cause cancer, they actually help prevent it. So this pamphlet can have a tremendous educational as well as financial impact on the crusade.

It underscores the fact that cancer is not inevitable. In fact, at least 60 percent of all cancers can be prevented with the help of a good diet, a safe workplace and a

healthy lifestyle," she explained.

To further its knowledge in prevention," continued Mrs. Brook, the Society is undertaking a mammoth Cancer Prevention Study II. A coupon for those interested in finding out more about the study and how they can help is made available inside the leaflet, which will be offered to each individual contacted during the crusade, by 201 Antioch volunteers for the American Cancer Society.

Mrs. Herbert Gould, Lincolnshire, chairman of the residential crusade for the Lake County Unit of the American Cancer Society, announced a goal of \$120,000 for the 1982 April education and fund raising crusade.

## Laud VIP workers

The people of the community of Antioch paid tribute on Saturday, March 20, at St. Peter's Social Center, to the recipient of the 1982 VIP Award, Gus Costoff.

Master of Ceremonies Laddie Korecek opened the special award ceremony with a welcome to all, and then announced the past recipients of the VIP Award, many of whom were in attendance.

In introducing the 1982 VIP, Bill Brook outlined the many attributes of a VIP, especially those which gave Costoff the "something extra" that earned him the honored title of Antioch's 1982 VIP.

Those bestowing special awards and gifts on Costoff were representatives of the Antioch Chamber of Commerce, Lions Club, Rotary Club, the village of Antioch, Antioch Rescue Squad and St. Peter Parish.

He was also honored by his children with a

beautiful engraved platter, and his brother Ted (unable to attend because of prior travel plans) sent Gus and his lovely wife "K" flower leis from Hawaii!

After the award presentation, everyone in attendance enjoyed dancing and socializing until the early hours of the morning!

A big thank you goes out to all who helped make the 14th Annual VIP Dance a wonderful gala evening, especially the various committee chairmen who worked hard to make this a most memorable evening for Costoff.

A very special thank you goes to Chair-couple Nick and Dorothy Teister who coordinated the many preparations made for this annual event. Their many hours of planning helped to make this a most enjoyable evening.

## McLellan to establish chiropractic practice

Dr. James D. McLellan, son of Mr. and Mrs. James McLellan of Linden Ln., Antioch, received his degree of doctor of chiropractic during March commencement exercises of Palmer College of Chiropractic, Davenport, Iowa.

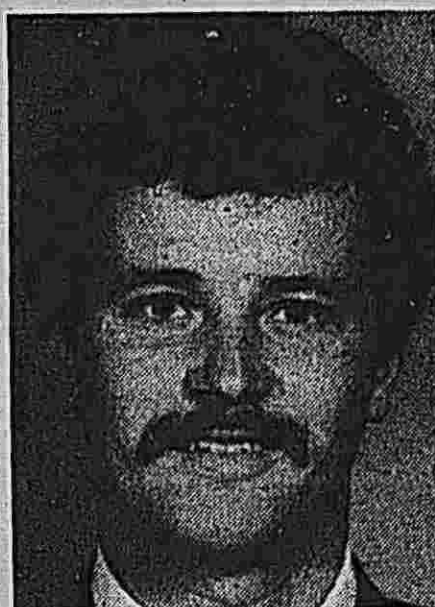

McLellan completed the required four academic years, professional training to qualify for his degree. Palmer College is the world's first and largest chiropractic college.

While at Palmer College,

he was a member of Delta Sigma Chi Fraternity, Illinois Club, Homecoming Committee and National Board Diplomat.

McLellan is a graduate of Antioch Community High School and attended two years at Pacific University of Forest Grove, Oregon, where he did undergraduate work.

McLellan plans to make his home in Wilmington, N.C., where he will establish a practice soon.

## Globetrotters trot to Antioch High

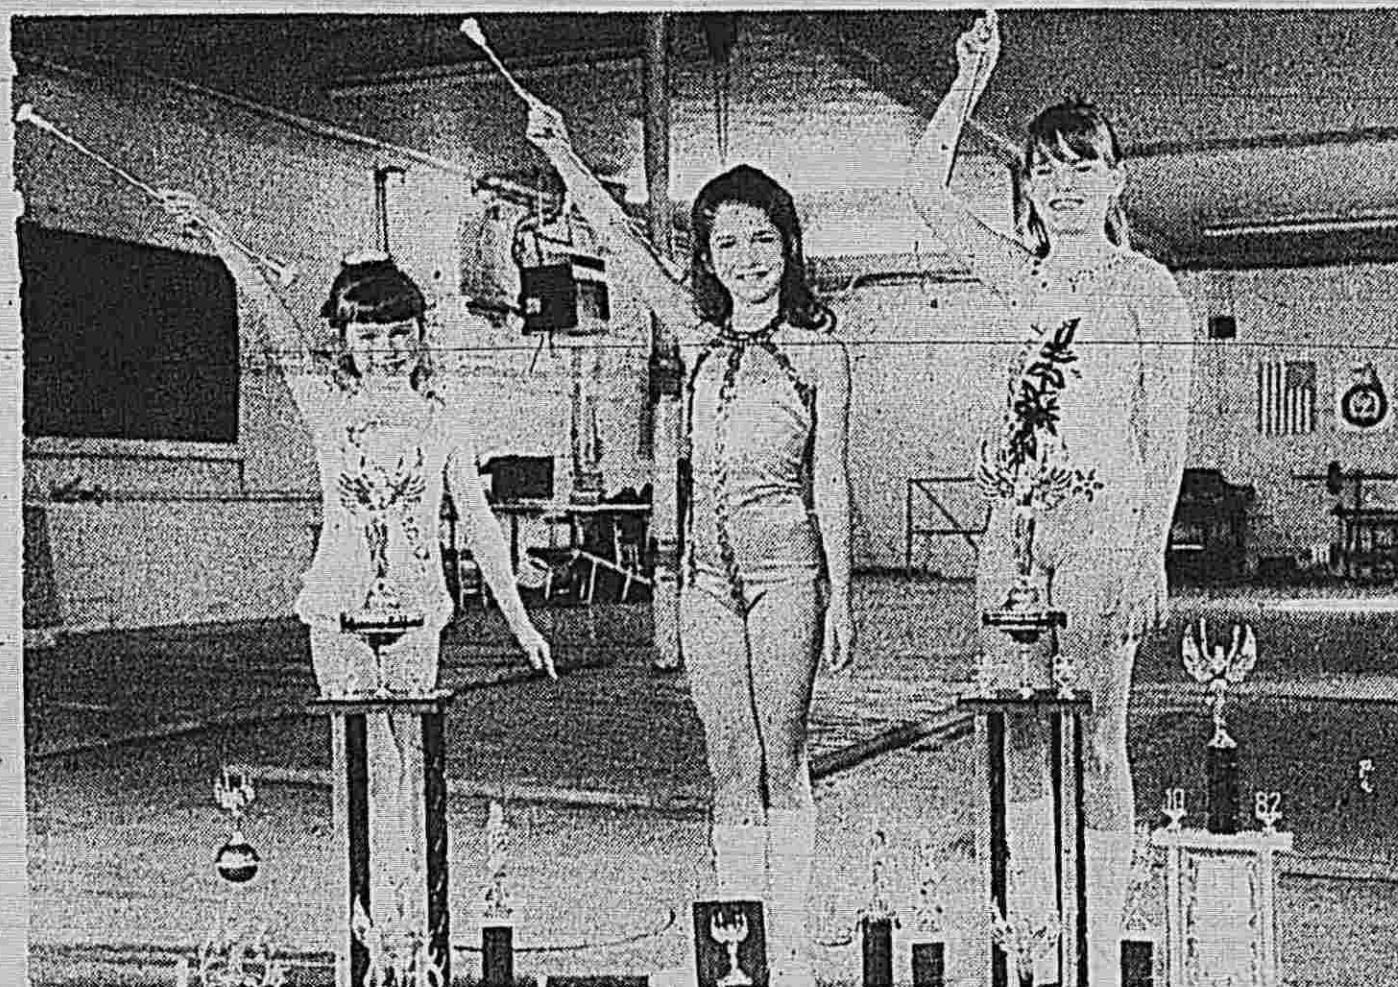

It's show time at Antioch Community High School when the Magicians of Basketball, the Harlem Globetrotters do their thing. Tipoff is at 8 p.m. on April 9.

April 9 game is one stop on the Trotter's 1982 World Tour which will take them to 44 states and six Canadian provinces. In addition, the team will play games in South America, Europe, Australia and Africa.

Fans at April 9's game will see the show-stopping thrills and incredible basketball skills that have made the Globetrotters

famous around the world. The team will be led by the comedic genius of Hubert "Geese" Ausbie. Opposition will be provided by the Washington Generals.

Tickets for the game are priced at \$7. Good seats will be available at the door as last as show time or at Ben Franklin Family Center or Antioch's three financial institutions. In addition to the Globetrotter game, fans will be treated to a complete, all-family, variety show sponsored by the Antioch Chamber of Commerce and Industry.

### Little Sweethearts

Baton twirlers from Antioch Parks and Recreation Dept. baton classes won numerous awards Feb. 20 at Sweetheart Baton Twirling Pageant in Edwardsville. They performed in modeling, fancy strut and solo twirling events. Girls, from left, are Tiffany Christopoulos, 8, Antioch; Barbara Kline, 9, Round Lake and Cindy Griffith, 10, Round Lake. **NEW AUTOMATIC TELLER** — William Brook, at right, chairman of board of State Bank of Antioch, gets first hand demonstration of new State Bank cash station automatic teller machine from Andy Bernhardt, left, bank president. On April 11, bank will officially become newest bank to join cash station network of systems that provide 24-hour automatic banking convenience at commuter train stations, shopping centers and other financial institutions in Chicago and surrounding suburbs, with more installations on way. A special promotion to introduce cash station, April 1 through April 30, features a free McDonald's Big Mac coupon to State Bank customers who present completed cash station application to bank, or proof of \$50 or more cash station deposit to their State Bank personal checking, NOW personal checking, or savings account.

## State Bank premiers 'anytime' banking

As a special promotion to introduce the new cash station automatic teller system to their customers, the State Bank of Antioch will give a coupon for a free McDonald's Big Mac when a customer presents a completed cash station application or a cash station deposit receipt for \$50 or more to any State Bank checking, NOW checking or savings account between April 1 and April 30.

To receive your free McDonald's Big Mac coupon, simply take your application or proof of deposit to the bank's information desk. Coupons will be redeemable at McDonald's in Antioch or Round Lake through May 31.

The new cash station machine, now operational in the bank's Spafford St. lobby, replaces the Bucky

Banker 24-hour teller machine and requires new cards to operate.

However, according to bank president Andy Bernhardt, the new machine will be very easy to use, with the same easy-to-operate push-button system.

New cards are available to any State Bank customers with a personal checking, NOW checking or savings account and will be issued upon completion and approval of a cash station application available, in the bank lobby.

Cash station is an organization of financial institutions sharing numerous automatic teller machines located throughout Chicago and the surrounding suburbs, with more installations on the way.

Cash station machines are

located at commuter train stations, shopping centers and other financial institutions.

This means that State Bank Cash Station cardholders will have access to their accounts at any automatic teller machine labeled "Cash Station".

At any time, day or night, a cash station cardholder may withdraw cash (up to \$300 in a 24-hour period); deposit funds; transfer funds; make mortgage and consumer loan payments; and Christmas Club payments (payment transactions at State Bank of Antioch facility only).

For further information regarding this modern system for banking convenience, contact the State Bank of Antioch's customer service-new accounts department at (312) 395-2700.

## Knowlton appointed to military academy

U.S. Congressman Robert McClory (R-Lake Bluff) announced the appointment of Roger Harold Knowlton II to the United States Military Academy at West Point. The appointee is the son of Mr. and Mrs. Donald E. Knowlton of Antioch.

Knowlton is presently attending Antioch Community High School where he is active on the school newspaper, the marching band and the honor society. He was selected as the school representative to Premier Boys' State and has

participated in many other school activities. He will report to the academy this summer to begin four years of military training and education. Upon graduation, he will be commissioned an officer in the United States Army.

### DO YOU GET MANY CAVITIES?

Some people almost never get cavities, even if they're careless about their teeth. Other people never stop running to the dentist with dental problems. Why?

There are many things which contribute to tooth decay. Some factors, such as heredity, we can't control. But there are things we can do to minimize our tooth decay problems.

1.) Diet — The frequency of sweets rather than the amount determines the danger to teeth. Eat sweets as infrequently as possible, preferably with meals.

2.) Proper toothbrushing is very important. Regular use of dental floss is just as vital, to clean between the teeth where the brush can't reach.

3.) Fluoride toothpastes and fluoride in the diet make the teeth far more resistant to tooth decay. This is especially important for children.

4.) Regular dental checkups — When cavities are caught early, fillings are smaller. Smaller fillings are stronger and last longer.
